*This training was specifically planned on scout nights to alleviate the burden of more meetings for our leaders. Please take advantage of this opportunity to be fully trained. If you only need one training you can come on either night. If you need both position specific and Intro to Outdoor Leader Skills, please come both nights and become fully trained! It is likely that someone in your unit is trained and can cover scout night for you to attend training. If not, Stake YM Presidencies are often available to fill in. Thank you for being a trained leader!
